## CLAIMS

- add B1*
1. New cosmetic compositions with high viscosity, meant to be applied to the skin directly or indirectly by means of a piece of adhesive fabric attached to an item of ladies' clothing, characterised in that they include one or several plant extracts of plants with an estrogen type action and an extract of the plant *Kigelia africana* or *pinnata*, in a viscous excipient that is non allergizing and harmless on the toxicological level.
  2. New cosmetic compositions according to claim 1, characterised in that they are placed in store in an adhesive porous dressing like those of the transdermic device type.
  3. New cosmetic compositions according to claim 1 ~~or claim 2~~, in which the plants with estrogen type action are those of a plant chosen from among Clover, Hop, Common Ladies' mantle, Sage or Liquorice. *claim 1*
  4. Cosmetic compositions according to ~~one of claims 1 to 3~~, characterised in that they contain in addition an extract of soya rich in flavones. *claim 1*
  5. Cosmetic compositions according to ~~one of the claims 1 to 4~~, characterised in that they contain the extract of *Kigelia* in the form of a solution in water and butylene glycol. *claim 1*
  6. Cosmetic compositions according to any one of the ~~claims 1 to 5~~, characterised in that they contain in addition an adhesive agent. *claim 1*
  7. Cosmetic compositions according to ~~any one of claims 1 to 6~~, characterised in that they contain in addition a thickening agent. *claim 1*
  8. Cosmetic compositions according to ~~any one of claims 1 to 7~~, characterised in that they contain in addition surfactants. *claim 1*
  9. Cosmetic compositions according to ~~any one of claims 1 to 8~~, characterised in that they

8

include in addition a solvent.

*Claim 1*  
10. Cosmetic compositions according to ~~any one of claims 1 to 9~~, characterised in that they include a binding agent.

*Claim 1*  
11. Cosmetic compositions according to ~~any one of claims 1 to 10~~, characterised in that they include in addition additive substances chosen amongst perfumes, antiseptics, preserving agents, antioxydant agents and stabilising agents.

*Claim 1*  
12. Cosmetic compositions according to ~~any one of the claims 1 to 11~~ coming in the form of a pasty preparation meant to coat or impregnate a watertight sub-layer attached to an item of ladies' lingerie.

*Claim 1*  
13. Cosmetic compositions according to ~~any one of the claims 1 to 12~~ coming in the form of topical compositions meant for application to the skin.

*12*  
14. Cosmetic compositions according to claim 13, presenting in the form of ointments, creams or gels.

*Claim 1*  
15. Cosmetic compositions according to ~~any one of claims 1 to 14~~ in which the content in phythormonal extracts range from 3 to 85%.

*Claim 1*  
16. Cosmetic compositions according to ~~any one of claims 1 to 14~~ in which the content in Kigelia extract ranges from 5 to 25%.

*Claim 1*  
17. Cosmetic compositions according to ~~any one of claims 1 to 14~~ in which the content in thickening agent ranges from 0,75 to 40% by weight.

*Claim 1*  
18. Cosmetic compositions according to ~~any one of the claims 1 to 14~~ in which the content of solvent ranges from 1 to 2,5%.

19/20. Cosmetic compositions according to ~~any one of claims 1 to 14~~ *claim 1* in which the content of flavosterone ranges from 0,5 to 15%.
